COMMITTEEMAN MEETS WITH GOVERNOR CHRIS CHRISTIE REGARDING LEGISLATION

On Monday, October 25, 2010, Egg Harbor Township Committeeman Joe Cafero met with Governor Chris Christie in Trenton. During this meeting, Governor Christie discussed his new legislation which he refers to as his "Tool Kit." Committeeman Cafero and other local elected officials; both Republican and Democrat discussed their points of view on the Governor's legislation. Committeeman Cafero expressed his concerns to the Governor on the lack of movement of the legislation on the floor of the Senate and Assembly.

Committeeman Cafero states, "The 2% cap on the municipal budgets will take effect on January 1, 2011. At this time no real reform legislation has been passed to help Egg Harbor Township meet their obligations and time is running out."

After meeting with Governor Christie, Committeeman Cafero met with legislators to propose ways of moving this legislation forward in the Senate and Assembly.
