Egg Harbor Township Municipal Wide Revaluation Underway

The Township was ordered by the Atlantic County Board of Taxation to perform a municipal wide revaluation. As a result, the Township has executed a contract with Vital Communications Inc. to perform the revaluation.

Field Inspectors from Vital Communications Inc. have started their field work with new construction projects this past week. Any person who has built a home, swimming pool, addition, etc. in the past year will be inspected first. In a few weeks, the revaluation firm will start their neighborhood by neighborhood revaluation of all properties.

All property inspectors from Vital Communications Inc. have photo identification which must be displayed. If you have any concerns or questions about the individual who has identified himself as an inspector of the revaluation firm, please ask to check their credentials or call the Tax Assessor's office at (609) 926-4083.
