I am pleased with how our residents have abided by the Governor's "Stay at Home" order. However, in the past two (2) weeks the number of positive cases in Egg Harbor Township have grown from 3 to 60. A large part of that is due to testing now being available in our area.

It is necessary for you to wear facemasks while shopping and to continue to wash your hands frequently; combined with staying at home you will be part of the solution to slowing the spread of the virus.

As the weather gets warmer and the days longer, please use our parks for walking, running and bicycling while socially distancing from others. We have left the parks open for these passive activities.

We have several weeks to go before the crisis eases and we are able to return to our "new" normal lifestyles. Your patience and cooperation is important to our success.

For additional information on COVID19, please go the Township's website www.ehtgov.org.

Sincerely,

Paul W. Hodson
Mayor
