In the past two (2) weeks, we have seen a flattening of the curve of COVID19 in the Township. In April, we had one hundred forty-six (146) positive cases and eleven (11) deaths. In May, we have seen sixty-two (62) new positive cases and five (5) additional deaths.

The Township Committee has decided to allow active use of our parks and playground effective May 16<sup>th</sup>. No more than ten (10) participants can use any court, field or playground at one time. We are asking resident to sanitize any surfaces that they or their child may touch to protect yourselves or anyone who may use the facilities after you. Social distancing rules will still apply to all activities.

I want to publicly thank the Township's Building, Fire, Planning and Zoning staff that have been working every day during the eight (8) weeks of shut down, processing applications, permits and making property inspections during this difficult time.

While we are allowing activities in our parks, I do want to caution all of our residents to follow CDC guidelines as to social distancing and wearing your mask when out. We want to insure that COVID19 does not return to our community.

Sincerely,

Paul W. Hodson  
Mayor
