EGG HARBOR TOWNSHIP RESIDENTS CAN NOW OBTAIN A SECOND TRASH RECEPTACLE

The Egg Harbor Township Committee approved an annual leasing program for a second trash receptacle to be utilized by Township residents for residential waste.

Mayor Hodson stated “with the changes in the recycling program, many residents have requested the ability to obtain a second trash receptacle”. The Township Committee has adopted a lease program, where residents, for \$12.00 per month, would be able to obtain a 96-gallon trash receptacle. The initial delivery of these receptacles will be mid-February of next year.

For the first year, the cost will be prorated at \$12.00 per month and in subsequent years will be \$144.00 per year. As part of residents’ municipal taxes, the Township provides each resident with a single 96-gallon trash receptacle since the inception of the automated collection system in 2011 year.

Any resident interested in obtaining a second container, can utilize the Township’s website to submit their request to Public Works or in the alternative, you can call Public Works at 609-926-3838.
