**NOTES:**

- <sup>a</sup> All principal buildings in all zones shall be set back a minimum of 25 feet from bulkheads; except that in the R-6 Zone, the setback shall be 10 feet.
- <sup>b</sup> Within the Pinelands area, no residential dwelling unit shall be located on a parcel of less than 43,560 square feet unless public sewer is provided.
- <sup>c</sup> See § 225-65 for permitted modifications.
- <sup>d</sup> The minimum habitable floor area for residential districts must comply with the Uniform Construction Code for habitable dwellings.
- <sup>e</sup> Applicable to multifamily developments only for residential uses.
- <sup>f</sup> The front yard setback for garages shall be 35 feet; unless the garage is provided with a side entry, then the minimum front yard setback for the garage shall be the same as the principal setback for the principal structure in the zone.
- <sup>g</sup> The first number corresponds to base lot coverage while the second applies when utilizing the cluster provision of § 225-45D(3).
- <sup>h</sup> For two-family and single-family attached dwelling units, see the Schedule of Minimum Area, Yard and Building Requirements - Pinelands Residential Areas.
- <sup>i</sup> A minimum front yard setback of 20 feet with an average of 25 feet will apply for major subdivision applications.
- <sup>j</sup> For accessory structure setbacks, refer to principal structure setbacks for the zone.
- <sup>k</sup> Any shed over 300 sq. ft. would remain under the current setbacks for the R1 - R6 and the RG-1 – RG5.

\* With Pinelands development credits.
